

PagBank PagSeguro clarifies position on expected 2023 impact of BCB Resolution 246/2022

São Paulo, September 26, 2022 — PagSeguro Digital Ltd., or PagBank PagSeguro (NYSE: PAYS), wishes to clarify certain information in light of the release of Resolution 246/2022 issued by the Brazilian Central Bank this morning. PAYS reinforces the message in its previous press release dated October 15, 2021: the expected impact on PAYS's 2023 net income is relatively negligible, anticipated to be around +1%/-1%, given that the potential cost savings in PAYS's merchant acquiring unit related to the interchange cap on prepaid and debit cards combined with the lower settlement period are expected to offset lower revenues in PAYS's card issuance unit.

The company will continue to diversify its portfolio and revenues in PagBank, keeping its emphasis on broad financial inclusion, which began with the payments industry.

About PagBank PagSeguro

PagBank PagSeguro is a disruptive provider of financial technology solutions focused primarily on consumers, individual entrepreneurs, micro-merchants, small companies, and medium-sized companies in Brazil. Among its peers, PagBank PagSeguro is the only financial technology provider in Brazil whose business model covers all the following five pillars:

- Multiple digital banking solutions
- In-person payments via point of sale (POS) devices that PagSeguro Digital provides to merchants
- Free digital accounts that PagSeguro Digital provides to its consumers and merchants with functionalities such as bill payments, top up prepaid mobile phone credit, wire transfers, peer to peer cash transfers, prepaid credit cards, cash cards, loans, investments, QR code payments, and payroll portability, among other digital banking services
- Issuer of prepaid, cash and credit cards
- Operate as a full acquirer

PagBank PagSeguro is an UOL Group Company that provides an easy, safe and hassle-free way of owning a free PagBank digital account, which is similar to a regular checking account linked to the Brazilian Central Bank's platform, with the feature of accepting payments, where its clients can transact and manage their cash, without the need to open a regular bank account. PagBank PagSeguro's end-to-end digital banking ecosystem enables its customers to accept a wide range of online and in-person payment methods, including credit cards, debit cards, meal voucher cards, *boletos*, bank transfers, bank debits and cash deposits.

PagBank PagSeguro's mission is to disrupt and democratize financial services in Brazil, a concentrated, underpenetrated and high interest rate market, by providing an end-to-end digital banking ecosystem that is safe, affordable, simple and mobile-first for both merchants and consumers.
