NOTICE TO THE MARKET ACQUISITION OF AGGER BY DIMENSA

TOTVS S.A. (B3: TOTS3) (the "Company" or "TOTVS") hereby announces that its subsidiary, **Dimensa S.A.** ("Dimensa"), on the date hereof, has entered into a Share Purchase Agreement and Other Covenants (the "Agreement") for the acquisition of the entire share capital of **Agger S.A.** ("Agger") for a total amount of R\$260 million ("Transaction"), subject to adjustments in accordance with usual market practices, with no earn-out payment provision.

Agger is one of the leading software platforms for the insurance segment, offering broker-focused solutions that include features such as multi-calculation and policy management. Agger has approximately 150 employees and reached Gross Annual Recurring Revenue (Gross ARR) of approximately R\$60 million at the end of the first quarter of 2025, following a Compound Annual Growth Rate (CAGR) of 38% between 2020 and 2024.

For Dimensa, this Transaction represents a strategic move aligned with its growth thesis, which combines organic growth strategy combined with expansion through M&A (mergers and acquisitions). Additionally, Agger's operations are complementary to Quiver's, which may result in potential strategic synergies. Together, they will expand Dimensa's presence in the insurance segment and benefit from the complementary nature of their client profiles and software functionalities, further strengthening its position in the financial technology sector.

The closing of this Transaction is subject to the fulfillment of usual precedent conditions for this type of deal. The Company will keep the market informed about relevant developments.

São Paulo, June 9th, 2025.
