

Volaris strengthens its presence in Guadalajara with a 21% growth rate

In 2022, the airline transported 8 million passengers in the International Airport of Guadalajara.

Guadalajara, Jalisco, February 8, 2023 – Volaris (NYSE: **VLRS** and BMV: **VOLAR**) (“the Company”), the ultra-low-cost carrier (ULCC) serving Mexico, the United States, Central and South America, reported a 21 percent increase in its number of seats offered to transport eight million passengers in 2022, solidifying its position as the largest low-cost carrier in the destination.

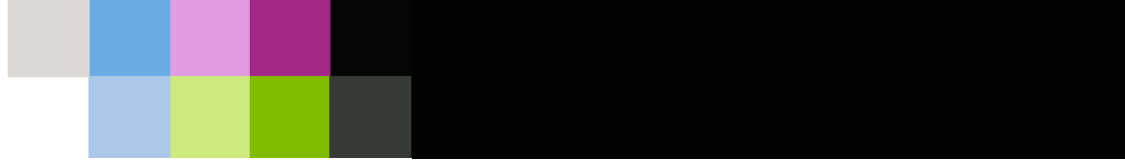

Volaris connects Guadalajara with 44 routes (21 of which are with the United States) and a fleet of 29 aircraft. Since the beginning of its operations in March 2006, the airline has transported 62 million passengers to and from the Jalisco capital.

“Guadalajara is key to our national and international network and is a destination with a great potential to connect friends and family and bring more people to fly in an airplane for the first time. According to the state’s Department of Tourism, there was an economic boost of more than 73 billion pesos to Jalisco in the past year, an increase of 8 percent compared to 2019,” stated Omar Carrera, Commercial Director of Volaris.

The 44 destinations with which Volaris connects Guadalajara are:
