Disclaimer

This presentation contains certain forward-looking statements that reflect the current views and/or expectations of Grupo Supervielle and its management with respect to its performance, business and future events. We use words such as "believe," "anticipate," "plan," "expect," "intend," "target," "estimate," "project," "predict," "forecast," "guideline," "seek," "future," "should" and other similar expressions to identify forward-looking statements, but they are not the only way we identify such statements. Such statements are subject to a number of risks, uncertainties and assumptions. We caution you that a number of important factors could cause actual results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in this release. Actual results, performance or events may differ materially from those in such statements due to, without limitation, (i) changes in general economic, financial, business, political, legal, social or other conditions in Argentina or elsewhere in Latin America or changes in either developed or emerging markets, (ii) changes in regional, national and international business and economic conditions, including inflation, (iii) changes in interest rates and the cost of deposits, which may, among other things, affect margins, (iv) unanticipated increases in financing or other costs or the inability to obtain additional debt or equity financing on attractive terms, which may limit our ability to fund existing operations and to

finance new activities, (v) changes in government regulation, including tax and banking regulations, (vi) changes in the policies of Argentine authorities, (vii) adverse legal or regulatory disputes or proceedings, (viii) competition in banking and financial services, (ix) changes in the financial condition, creditworthiness or solvency of the customers, debtors or counterparties of Grupo Supervielle, (x) increase in the allowances for loan losses, (xi) technological changes or an inability to implement new technologies, (xii) changes in consumer spending and saving habits, (xiii) the ability to implement our business strategy and (xiv) fluctuations in the exchange rate of the Peso. The matters discussed herein may also be affected by risks and uncertainties described from time to time in Grupo Supervielle's filings with the U.S. Securities and Exchange Commission (SEC) and Comision Nacional de Valores (CNV). Readers are cautioned not to place undue reliance on forward-looking statements, which speak only as the date of this document. Grupo Supervielle is under no obligation and expressly disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Challenging Argentine Macro Environment

External Conditions

Adjustments in macro expectations
due to external shock

- Economic activity & Unemployment in U.S.: Increase in 10Y Treasury Yield
- U.S. Dollar appreciation: Fx depreciation in main Argentine partners
- Electionary Uncertainty in Brazil: Lower growth expectations
- Strong increase in Oil prices: Argentina is still a net importer of oil

Internal Issues

- Drought: Lower exports and decrease in economic activity impact on the flow of dollar
- Implementation of tax on Lebacs for foreign investors
- Tariffs adjustments: Increase in inflation
- Plan to maintain AR\$/U\$S while emerging currencies were depreciated: Turbulence in the Fx. Market
- IMF Stand-by Facility
- Changes in Central Bank

Substantial changes in market consensus

Variable	REM/Consensus		
	2018e (January's Survey ¹)	2018e (June's Survey)	2019e (June's Survey)
GDP	3.0%	0.5%	1.6%
Inflation	19.4%	30%	20.2%
Badlar Rate (eop)	21% ²	29% ³	24% ³
Monetary policy Rate (eop)	21.75%	33%	25%
FX Ar\$ (eop)	21.9	30	36
Ar\$ Loan Growth (Industry)	41% ²	36% ³	N/A
Total Loan Growth (Industry)	39% ²	44% ³	N/A
Deposits from Private Sector growth (Industry)	31% ²	37% ³	N/A
Ar\$ Deposits from Private Sector growth (Industry)	31% ²	29% ³	N/A

SUPV financial ratios

Net Interest Margin [NIM]

Return On Average Equity [ROAE]

Efficiency Ratio [%]

Net Service Fee Income Ratio [%]

Return On Average Assets [ROAA]

Cost to Assets [%]

1Q18 figures adjusted be IFRS

Net Interest Margin: Net interest income divided by average interest earning assets. Under IFRS, NIM is defined as Net interest income + Net income from financial instruments at fair value through profit or loss+ divided by average interest earning assets.

Net Fee Income Ratio: Net services fee income + Income from insurance activities divided by the sum of gross financial margin and net services fee income. Under IFRS it is defined as Net services fee income + Income from insurance activities divided by the sum of Net interest income + Net income from financial instruments at fair value through profit or loss + Exchange rate differences on gold and foreign currency, net services fee income, income from insurance activities and other net operating income.

ROAE: Net income divided by average shareholders' equity, calculated on a daily basis and measured in local currency.

ROAA: Net income divided by average assets, calculated on a daily basis and measured in local currency.

Efficiency ratio: Administrative expenses divided by the sum of gross financial margin, services fee income and income from insurance activities. Under IFRS, it is defined as Personnel, Administrative expenses and Depreciation & Amortization divided by the sum of Net interest income + Net income from financial instruments at fair value through profit or loss + Exchange rate differences on gold and foreign currency, net services fee income, income from insurance activities and other net operating income.

Cost to Asset: Personnel, Administrative expenses and D&A divided by total assets.
