

NEXA RESOURCES ANNOUNCES THE SALE OF CHAPI MINE

Luxembourg, September 10, 2024 - Nexa Resources S.A. ("Nexa Resources", "Nexa" or the "Company") (NYSE Symbol: "NEXA") announces today the signing of a definitive agreement among Nexa Resources Peru S.A.A., as the seller, and Quilla Resources Peru S.A.C. ("Quilla"), as the purchaser, for the sale of 100% of the shares issued by Minera Pampa de Cobre S.A.C. ("MPC"), owner of the Chapi copper mine, located in the Moquegua region of Peru for a purchase price of US\$5 million (the "Transaction").

The total consideration for this Transaction comprises US\$1 million in cash at closing date and US\$4 million after the commencement of commercial production. Additionally, Nexa will receive contingent payments totaling up to US\$11 million if the average copper price exceeds certain thresholds and the mine achieves certain production milestones, and an NSR royalty on minerals produced from the Chapi mine. The first payment will occur upon the closing of the Transaction, with the subsequent payments expected to occur during the following years.

The Chapi mine, with a production capacity of approximately 10kt of copper per year, was focused on copper exploration, mining and processing. The mine ceased operations in 2013 and is currently under care and maintenance. Quilla intends to resume operations at the Chapi mine after closing and will also be responsible for executing the future mine closure, including any environmental liabilities or obligations.

The closing of this Transaction is subject to certain conditions precedent and is expected to occur in December 2024.

As previously disclosed, Nexa has been actively assessing risk-return alternatives. The sale of the Chapi mine aligns with Nexa's ongoing portfolio optimization process, aimed at improving free cash flow in line with the Company's disciplined capital allocation framework.

"The sale of Chapi is another step in our journey to continually maximize value for the Company and its shareholders. Portfolio optimization is a central part of our strategy to improve cash flow generation and returns," said Ignacio Rosado, CEO of Nexa Resources.

Nexa has engaged Argent Partners as its financial advisor and Philippi Prietocarrizosa Ferrero DU & Uría as its legal counsel.

About Quilla Resources Peru S.A.C.

Quilla Resources Peru S.A.C ("Quilla") is a privately held Peruvian company, which is focused on acquiring, and operating copper focused mining projects in Peru, and the wider region. Quilla intends to restart the Chapi Mine and conduct exploration on the property.

About Nexa

Nexa is a large-scale, low-cost integrated zinc producer with over 65 years of experience developing and operating mining and smelting assets in Latin America. Nexa currently owns and operates five long-life mines, three of which are located in the central Andes region of Peru, and two of which are located in Brazil (one in the state of Minas Gerais and one in the state of

Mato Grosso). Nexa also currently owns and operates three smelters, two of which are located in the state of Minas Gerais in Brazil, and one of which is Cajamarquilla, located in Lima, which is the largest smelter in the Americas.

Nexa was among the top five producers of mined zinc globally in 2023 and one of the top five metallic zinc producers worldwide in 2023, according to Wood Mackenzie.

Cautionary Statement on Forward-Looking Statements

This news release contains certain forward-looking information and forward-looking statements as defined in applicable securities laws (collectively referred to in this news release as "forward-looking statements"). Forward-looking statements contained in this news release may include, but are not limited to, zinc and other metal prices and exchange rate assumptions, projected operating and capital costs, metal or mineral recoveries, head grades, mine life, production rates, and returns; the Company's potential plans; the estimation of the tonnage, grade and content of deposits and the extent of mineral resource and mineral reserve estimates; timing of commencement of production; exploration potential and results; the timing and receipt of necessary permits for future operations; and the impacts of COVID-19 on our operations.

These statements are based on information currently available to the Company and the Company provides no assurance that actual results and future performance and achievements will meet or not differ from the expectations of management or qualified persons. All statements other than statements of historical fact are forward-looking statements. The words "believe," "will," "may," "may have," "would," "estimate," "continues," "anticipates," "intends," "plans," "expects," "budget," "scheduled," "forecasts" and similar words are intended to identify estimates and forward-looking statements. Forward-looking statements are not guarantees and involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Actual results and developments may be substantially different from the expectations described in the forward-looking statements for a number of reasons, many of which are not under our control, among them, the activities of our competition, the future global economic situation, weather conditions, market prices and conditions, exchange rates, and operational and financial risks. The unexpected occurrence of one or more of the abovementioned events may significantly change the results of our operations on which we have based our estimates and forward-looking statements. Our estimates and forward-looking statements may also be influenced by, among others, legal, political, environmental, or other risks that could materially affect the potential development of the Project, including risks related to outbreaks of contagious diseases or health crises impacting overall economic activity regionally or globally, as well as risks relating to ongoing or future investigations by local authorities with respect to our business and operations and the conduct of our customers, including the impact to our financial statements regarding the resolution of any such matters.

These forward-looking statements related to future events or future performance and include current estimates, predictions, forecasts, beliefs and statements as to management's expectations with respect to, but not limited to, the business and operations of the Company and mining production, our growth strategy, the impact of applicable laws and regulations, future zinc and other metal prices, smelting sales, capex, expenses related to exploration and project evaluation, estimation of Mineral Reserves and/or Mineral Resources, mine life and our financial liquidity.

Forward-looking statements are necessarily based upon a number of factors and assumptions that, while considered reasonable and appropriate by management and qualified persons

considering their experience are inherently subject to significant uncertainties and contingencies and may prove to be incorrect. Statements concerning future production costs or volumes are based on numerous assumptions of management regarding operating matters and on assumptions that demand for products develops as anticipated, that customers and other counterparties perform their contractual obligations, full integration of mining and smelting operations, that operating and capital plans will not be disrupted by issues such as mechanical failure, unavailability of parts and supplies, labor disturbances, interruption in transportation or utilities, adverse weather conditions, and that there are no material unanticipated variations in metal prices, exchange rates, or the cost of energy, supplies or transportation, among other assumptions.

Estimates and forward-looking statements refer only to the date when they were made, and we do not undertake any obligation to update or revise any estimate or forward-looking statement due to new information, future events or otherwise, except as required by law. Estimates and forward-looking statements involve risks and uncertainties and do not guarantee future performance, as actual results or developments may be substantially different from the expectations described in the forward-looking statements. Further information concerning risks and uncertainties associated with these forward-looking statements and our business can be found in our public disclosures filed under our profile on SEDAR+ (www.sedarplus.ca) and on EDGAR (www.sec.gov).
